History of the Territory of Origin

Sicily is a territory rich in history and winemaking tradition. This fascinating region is famous for its Mediterranean climate, which creates ideal conditions for the cultivation of vines. The Syrah vineyards are located among the hills and coasts of Sicily, where the sun kisses the grapes giving them unique characteristics. Sicily is a land of contrasts and this is reflected in its wines, full of character and personality.

History of the Territory of Origin

Puglia, located in the southern region of Italy, is a land rich in history and winemaking tradition. This region is famous for its Mediterranean climate, with long sunny days and moderate temperatures, ideal for growing Primitivo grapes. Puglia's chalky, clayey soil helps give the wine its complexity and distinctive character.
